Hi Rome,

Jeff, Hilary and myself all work in the same group at our rather small Regional lab...address follows...either Jeff or Hil will get it via pouch...the actual pouch goes to Boston (R1) and then is couriered to the lab...

Cheers,

Randy

Where would you like me to send the Trimble? Hilary would be my recommendation since I should be able to put it in an official EPA "Pouch". I think the last run for today has been sent out, but it would go out first thing in the morning. What would you prefer?

Rome

Hi Randy and Rome,

I think it is best to send it to Jeff Barrett (a NEIWPCC employee) or Hilary Snook (EPA lakes coordinator in NE)....I will only be in the lab Tuesday and then off for two days to RI for beaches study and OSV Bold tour guide duties...
